Please refer to your Disclosure Statement for impacts an RMD can have on your contract and rider benefits.

C. Spousal Beneficiary Information

Is your spouse the Primary Beneficiary for your contract? ☐ Yes ☐ No

If Yes, provide spouse's: Name _____

NOTE: This information does not change your beneficiary. If you wish to change your beneficiary, please submit a Designation of Beneficiary, form OL122A.

I understand that if community property or marital property law applies to my policy (Arizona, California, Idaho, Louisiana, Nevada, New Mexico, Texas, Washington, and Wisconsin) and I have not named my spouse as the sole beneficiary, my spouse may need to consent to the non-spouse designation. It is solely my responsibility to seek legal advice on questions regarding this designation for my policy. By submitting this form without spousal signature, I affirm that community property or marital property law does not apply to my policy and spousal consent is not required. In the event spousal consent is required, the Company is not liable for any consequences resulting from my failure to obtain proper consent.

D. Federal/State Tax Withholding

☐ I am aware that the Federal/State Income Tax Withholding Election form (OL4753) is required to process this request and has been completed and returned with this form.

E. Withholding Notice Information

Basic Information. Generally, income tax withholding applies to the taxable part of payments made from pension, annuity, and individual retirement arrangements (IRAs). The method and rate of withholding depend on (a) the kind of payment you receive; (b) whether the payments are delivered outside the United States; and (c) whether the recipient is a nonresident individual. See IRS Form W-4P for special withholding rules that apply to payments outside the United States and payments to foreign persons.

Caution. There are penalties for not paying enough federal or state income tax during the year, either through withholding or estimated tax payments.

Periodic payments. Withholding from periodic payments of a pension or annuity is figured in the same manner as withholding from wages. Periodic payments are made in installments at regular intervals over a period of more than 1 year. If you do fail to provide us the correct social security number (SSN), we must withhold as if you are single claiming zero withholding allowances even if you checked the box on line 1 to have no income tax withheld. Mandatory state withholding may also be required.

Revoking previous election. At any time, you can choose to change your withholding election by completing form OL4753 and submitting it to the Company. Until revoked or changed, your current election stays in effect.

Statement of Federal Income Tax Withheld From Your Pension or Annuity. By January 31 of next year, we will furnish a statement to you on Form 1099-R, Distributions From Pensions, Annuities, Retirement or Profit-Sharing Plans, IRAs, Insurance Contracts, etc., showing the total amount of your pension or annuity payments and the total federal income tax withheld during the year. If you are a foreign person who has provided your payer with Form W-8BEN, your payer instead will furnish a statement to you on Form 1042-S, Foreign Person's U.S. Source Income Subject to Withholding, by March 15 of next year.

Further information. For more federal information, see IRS Publication 505, Tax Withholding and Estimate Tax, available at www.irs.gov. For state information, see each state's website.

F. Request for Maturity Date Postponement and Release and Indemnification Agreement

The undersigned requests that the Maturity Date of the above referenced annuity contract be postponed until the maximum maturity date as outlined in the contract.

I further understand that any such distributions shall fully be the responsibility of the undersigned, and made by written request.

G. Signature Requirements

I certify that I am the IRA or TSA Contract Owner and certify the following:

4. If I selected Option 1, 2 or 3 in Section A of this form, I certify that I have read and agree to all sections of this form.
5. I/We understand that by processing this request, I am revoking any existing repetitive payment that may be running on my contract.

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number; and
 2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
 3. I am a U.S. citizen or other U.S. person (including a U.S. Resident Alien), as defined in the instructions to the IRS Form W-9; and
 4. FATCA reporting does not apply to me.

2026 Marginal Rate Tables

You may use these tables to help you select the appropriate withholding rate for this payment or distribution. Add your income from all sources and use the column that matches your filing status to find the corresponding rate of withholding.

Single or Married filing separately		Married filing jointly or Qualifying Widow(er)		Head of Household	
Total income over	Tax rate for every dollar more	Total income over	Tax rate for every dollar more	Total income over	Tax rate for every dollar more
\$0	0%	\$0	0%	\$0	0%
\$16,100	10%	\$32,200	10%	\$24,150	10%
\$28,500	12%	\$57,000	12%	\$41,850	12%
\$66,500	22%	\$133,000	22%	\$91,600	22%
\$121,800	24%	\$243,600	24%	\$129,850	24%
\$217,875	32%	\$435,750	32%	\$225,900	32%
\$272,325	35%	\$544,650	35%	\$280,350	35%
\$656,700*	37%	\$800,900	37%	\$664,750	37%

*If married filing separately, use \$400,450 instead for this 37% rate.

Your withholding rate is determined by the type of payment you will receive.

- For non-periodic payments, the default withholding rate is 10%. You can choose to have a different rate by entering a rate between 0% and 100% in Section B. Federal Income Tax. Generally, you can't choose less than 10% for payments to be delivered outside the United States and its territories.
- For an eligible rollover distribution, the default withholding rate is 20%. You can choose a rate greater than 20% by entering the rate in Section B. Federal Income Tax. You may not choose a rate less than 20%.

Suggestion for determining withholding. Consider using the Marginal Rate Tables to help you select the appropriate withholding rate for this payment or distribution. The tables are most accurate if the appropriate amount of tax on all other sources of income, deductions, and credits has been paid through other withholding or estimated tax payments. If the appropriate amount of tax on those sources of income has not been paid through other withholding or estimated tax payments, you can pay that tax through withholding on this payment by entering a rate that is greater than the rate in the Marginal Rate Tables.

The marginal tax rate is the rate of tax on each additional dollar of income you receive above a particular amount of income. You can use the table for your filing status as a guide to find a rate of withholding for amounts above the total income level in the table.

To determine the appropriate rate of withholding from the table, do the following.

Step 1: Find the rate that corresponds with your total income not including the payment.

Step 2: Add your total income and the taxable amount of the payment and find the corresponding rate.

If these two rates are the same, enter that rate in Section B. Federal Income Tax (See *Example 1* below.)

If the two rates differ, multiply (a) the amount in the lower rate bracket by the rate for that bracket, and (b) the amount in the higher rate bracket by the rate for that bracket. Add these two numbers; this is the expected tax for this payment. To get the rate to have withheld, divide this amount by the taxable amount of the payment. Round up to the next whole number and enter that rate in Section B. Federal Income Tax (See *Example 2* below.)

If you prefer a simpler approach (but one that may lead to overwithholding), find the rate that corresponds to your total income including the payment and enter that rate in Section B. Federal Income Tax.

Examples. Assume the following facts for Examples 1 and 2. Your filing status is single. You expect the taxable amount of your payment to be \$20,000.

Appropriate amounts have been withheld for all other sources of income and any deductions or credits.

Example 1. You expect your total income to be \$70,000 without the payment. Step 1: Because your total income without the payment, \$70,000, is greater than \$66,500 but less than \$121,800, the corresponding rate is 22%. Step 2: Because your total income with the payment, \$90,000, is greater than \$66,500 but less than \$121,800, the corresponding rate is 22%. Because these two rates are the same, enter "22" in Section B. Federal Income Tax.

Example 2. You expect your total income to be \$60,000 without the payment. Step 1: Because your total income without the payment, \$60,000, is greater than \$28,500 but less than \$66,500, the corresponding rate is 12%. Step 2: Because your total income with the payment, \$80,000, is greater than \$66,500 but less than \$121,800 the corresponding rate is 22%. The two rates differ. \$6,500 of the \$20,000 payment is in the lower bracket (\$66,500 less your total income of \$60,000 without the payment), and \$13,500 is in the higher bracket (\$20,000 less the \$6,500 that is in the lower bracket). Multiply \$6,500 by 12% to get \$780. Multiply \$13,500 by 22% to get \$2,970. The sum of these two amounts is \$3,750. This is the estimated tax on your payment. This amount corresponds to 19% of the \$20,000 payment (\$2,970 divided by \$20,000). Enter "19" in Section B. Federal Income Tax.

	Address		
	City or town, state, and ZIP code		
	(c) ☐ Single or Married filing separately ☐ Married filing jointly or Qualifying surviving spouse ☐ Head of household (Check only if you're unmarried and pay more than half the costs of keeping up a home for yourself and a qualifying individual.)		
Caution: To claim certain credits or deductions on your tax return, you (and/or your spouse if married filing jointly) are required to have a social security number valid for employment. See page 2 for more information.			

TIP: Consider using the estimator at www.irs.gov/W4App to determine the most accurate withholding for the rest of the year if you: are completing this form after the beginning of the year; expect to receive your payments only part of the year; or have changes during the year in your marital status, number of pensions/jobs for you (and/or your spouse if married filing jointly), dependents, other income (not from jobs or pension/annuity payments), deductions, or credits. Have your most recent payment statements/pay stubs from this year available when using the estimator. At the beginning of next year, use the estimator again to recheck your withholding.

Complete Steps 2–4 ONLY if they apply to you; otherwise, skip to Step 5. See pages 2 and 3 for more information on each step, when to use the estimator at www.irs.gov/W4App, and how to elect to have no federal income tax withheld (if permitted).

Step 2: Income From a Job and/or Multiple Pensions/Annuities (Including a Spouse's Job/Pension/Annuity)	Complete this step if you (1) have income from a job or more than one pension/annuity, or (2) are married filing jointly and your spouse receives income from a job or a pension/annuity. See page 2 for examples on how to complete Step 2. Do only one of the following. (a) Use the estimator at www.irs.gov/W4App for the most accurate withholding for this step (and Steps 3–4). If you or your spouse have self-employment income, use this option; or (b) Complete the items below. (i) If you (and/or your spouse) have one or more jobs, then enter the total taxable annual pay from all jobs, plus any income entered on Form W-4, Step 4(a), for the jobs, minus the deductions entered on Form W-4, Step 4(b), for the jobs. Otherwise, enter “-0-” . . . \$ _____ (ii) If you (and/or your spouse) have any other pensions/annuities that pay less annually than this pension/annuity, then enter the total annual taxable payments from all lower-paying pensions/annuities. Otherwise, enter “-0-” . . . \$ _____ (iii) Add the amounts from items (i) and (ii) and enter the total here . . . \$ _____

TIP: To be accurate, submit a new Form W-4P for all other pensions/annuities if you haven't updated your withholding since 2021 or this is a new pension/annuity that pays less than the other(s). Submit a new Form W-4 for your job(s) if you have not updated your withholding since 2019.

Complete Steps 3–4(b) on this form only if (b)(i) is blank **and** this pension/annuity pays the most annually. Otherwise, do not complete Steps 3–4(b) on this form.

Step 3: Claim Dependent and Other Credits	If your total income will be \$200,000 or less (\$400,000 or less if married filing jointly): (a) Multiply the number of qualifying children under age 17 by \$2,200 . . . 3(a) \$ _____ (b) Multiply the number of other dependents by \$500 . . . 3(b) \$ _____ (c) Add other credits, such as foreign tax credit and education tax credits. Step 4: Other Adjustments	(a) Other income (not from jobs or pension/annuity payments). This may include interest, taxable social security, and dividends . . . 4(a) \$ _____		
	(b) Deductions. Use the Deductions Worksheet on page 4 to determine the amount of deductions you may claim, which will reduce your withholding. (If you skip this line, your withholding will be based on the standard deduction.) Enter the result here . . . 4(b) \$ _____

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about any future developments related to Form W-4P, such as legislation enacted after it was published, go to www.irs.gov/FormW4P.

Purpose of form. Complete Form W-4P to have payers withhold the correct amount of federal income tax from your periodic pension, annuity (including commercial annuities), profit-sharing and stock bonus plan, or IRA payments. Federal income tax withholding applies to the taxable part of these payments. Periodic payments are made in installments at regular intervals (for example, annually, quarterly, or monthly) over a period of more than 1 year. Don't use Form W-4P for a nonperiodic payment (note that distributions from an IRA that are payable on demand are treated as nonperiodic payments) or an eligible rollover distribution (including a lump-sum pension payment). Instead, use Form W-4R, Withholding Certificate for Nonperiodic Payments and Eligible Rollover Distributions, for these payments/distributions. For more information on withholding, see Pub. 505, Tax Withholding and Estimated Tax.

Choosing not to have income tax withheld. You can choose not to have federal income tax withheld from your payments by checking the box in the *No withholding* section. Then, complete Steps 1(a), 1(b), and 5. Generally, if you are a U.S. citizen or a resident alien, you are not permitted to elect not to have federal income tax withheld on payments to be delivered outside the United States and its territories.

Caution: If you have too little tax withheld, you will generally owe tax when you file your tax return and may owe a penalty unless you make timely payments of estimated tax. If too much tax is withheld, you will generally be due a refund when you file your tax return. If your tax situation changes, or you chose not to have federal income tax withheld and you now want withholding, you should submit a new Form W-4P.

When to use the estimator. Consider using the estimator at www.irs.gov/W4App if you:

1. Are submitting this form after the beginning of the year;
2. Have social security, dividend, capital gain, or business income, or are subject to the Additional Medicare Tax or Net Investment Income Tax;
3. Receive these payments or pension and annuity payments for only part of the year; or
4. Have changes during the year in your marital status, number of pensions/jobs for you (and/or your spouse if married filing jointly), number of dependents, or changes in your deductions or credits.

TIP: Have your most recent payment statements/pay stubs from this year available when using the estimator to account for federal income tax that has already been withheld this year. At the beginning of next year, use the estimator again to recheck your withholding.

Self-employment. Generally, you will owe both income and self-employment taxes on any self-employment income you (or you and your spouse) receive. If you do not have a job and want to pay these taxes through withholding from your payments, use the estimator at www.irs.gov/W4App to figure the amount to have withheld.

Payments to nonresident aliens and foreign estates. Do not use Form W-4P. See Pub. 515, Withholding of Tax on Nonresident Aliens and Foreign Entities, and Pub. 519, U.S. Tax Guide for Aliens, for more information.

Tax relief for victims of terrorist attacks. If your disability payments for injuries incurred as a direct result of a terrorist attack are not taxable, check the box in the *No withholding*

section. See Pub. 3920, Tax Relief for Victims of Terrorist Attacks, for more details.

Specific Instructions

Submit a **separate Form W-4P** for each pension, annuity, or other periodic payments you receive.

Step 1(c). Check your anticipated filing status. This will determine the standard deduction and tax rates used to compute your withholding.

Step 2. Use this step if you have at least one of the following: income from a job, income from more than one pension/annuity, and/or a spouse (if married filing jointly) that receives income from a job/pension/annuity. The following examples will assist you in completing Step 2(b).

Example 1. Taylor, a single filer, is completing Form W-4P for a pension that pays \$50,000 a year. Taylor also has a job that pays \$25,000 a year. Taylor has no other pensions or annuities. Taylor will enter \$25,000 in Step 2(b)(i) and in Step 2(b)(iii).

If Taylor also has \$1,000 of interest income, which she entered on Form W-4, Step 4(a), then she will instead enter \$26,000 in Step 2(b)(i) and in Step 2(b)(iii). She will make no entries in Step 4(a) on this Form W-4P.

Example 2. Casey, a single filer, is completing Form W-4P for a pension that pays \$50,000 a year. Casey does not have a job, but receives another pension for \$25,000 a year (which pays less annually than the \$50,000 pension). Casey will enter \$25,000 in Step 2(b)(ii) and in Step 2(b)(iii).

If Casey also has \$1,000 of interest income, then he will enter \$1,000 in Step 4(a) of this Form W-4P.

Example 3. Sam, a single filer, is completing Form W-4P for a pension that pays \$50,000 a year. Sam does not have a job, but receives another pension for \$75,000 a year (which pays more annually than the \$50,000 pension). Sam will not enter any amounts in Step 2.

If Sam also has \$1,000 of interest income, she won't enter that amount on this Form W-4P because she entered the \$1,000 on the Form W-4P for the higher paying \$75,000 pension.

Example 4. Alex, a single filer, is completing Form W-4P for a pension that pays \$50,000 a year. Alex also has a job that pays \$25,000 a year and another pension that pays \$20,000 a year. Alex will enter \$25,000 in Step 2(b)(i), \$20,000 in Step 2(b)(ii), and \$45,000 in Step 2(b)(iii).

If Alex also has \$1,000 of interest income, which he entered on Form W-4, Step 4(a), he will instead enter \$26,000 in Step 2(b)(i), leave Step 2(b)(ii) unchanged, and enter \$46,000 in Step 2(b)(iii). He will make no entries in Step 4(a) of this Form W-4P.

If you are married filing jointly, the entries described above do not change if your spouse is the one who has the job or the other pension/annuity instead of you.

Multiple sources of pensions/annuities or jobs. If you (or if married filing jointly, you and/or your spouse) have a job(s), do NOT complete Steps 3 through 4(b) on Form W-4P. Instead, complete Steps 3 through 4(b) on the Form W-4 for the job. If you (or if married filing jointly, you and your spouse) do not have a job, complete Steps 3 through 4(b) on Form W-4P for **only** the pension/annuity that pays the most annually. Leave those steps blank for the other pensions/annuities.

Social security number and other requirements for credits and deductions. You (and/or your spouse if married filing jointly) must have the required social security number to claim certain credits and deductions. For additional eligibility requirements for these credits and deductions, see Pub. 501, Dependents, Standard Deduction, and Filing Information.

Specific Instructions *(continued)*

Step 3. This step provides instructions for determining the amount of the child tax credit and the credit for other dependents that you may be able to claim when you file your tax return. To qualify for the child tax credit, the child must be under age 17 as of December 31, must be your dependent who generally lives with you for more than half the year, and must have the required social security number. You may be able to claim a credit for other dependents for whom a child tax credit can't be claimed, such as an older child or a qualifying relative.

For additional eligibility requirements for these credits, see Pub. 501, Dependents, Standard Deduction, and Filing Information. You can also include **other tax credits** for which you are eligible in this step, such as the foreign tax credit and the education tax credits. Including these credits will increase your payments and reduce the amount of any refund you may receive when you file your tax return.

Step 4.

Step 4(a). Enter in this step the total of your other estimated income for the year, if any. You shouldn't include amounts from any job(s) or pension/annuity payments. If you complete Step 4(a), you likely won't have to make estimated tax payments for

that income. If you prefer to pay estimated tax rather than having tax on other income withheld from your pension, see Form 1040-ES, Estimated Tax for Individuals.

Step 4(b). Enter in this step the amount from the Deductions Worksheet, line 17, if you expect to claim deductions other than the basic standard deduction on your 2026 tax return and want to reduce your withholding to account for these deductions. This includes itemized deductions, the additional standard deduction for those 65 and over, and other deductions such as for qualified tips, overtime compensation, and passenger vehicle loan interest; student loan interest; IRAs; and seniors.

Step 4(c). Enter in this step any additional tax you want withheld from **each payment**. Entering an amount here will reduce your payments and will either increase your refund or reduce any amount of tax that you owe when you file your tax return.

Note: If you don't give Form W-4P to your payer, you don't provide an SSN, or the IRS notifies the payer that you gave an incorrect SSN, then the payer will withhold tax from your payments as if your filing status is single with no adjustments in Steps 2 through 4. For payments that began before 2026, your current withholding election (or your default rate) remains in effect unless you submit a new Form W-4P.
